6-8 BOTH: Step right forward and turn 1/2 left, step left in place, step right next to left
On count 5, the lady is behind the man and slightly to his left side. Couple releases right hand hold. On counts 6-7, the man raises the left hand hold to allow the lady to turn under raised left hands. As they step together on count 8 they will assume the original starting position and retake the right hand to right hand hold to repeat the entire sequence.
